APPLICATION FOR AGREEMENT OF PRODUCTION UNDER UAEMAR 21 SUBPART F

INSTRUCTIONS

These instructions are designed to assist with completing the UAEMAR Form 60 for UAEMAR 21F Production Agreement applications under UAE Military Airworthiness Regulation (UAEMAR). Carefully read this document and any relevant Acceptable Means of Compliance or Guidance Material.

ABOUT THIS FORM AND APPLICATION PROCESS

Completing this application form is the first step in the application process. Once received, the MAA will review the application, including all supporting documentation provided. Applicants shall complete and sign the application form and submit to the MAA using the email address below.

This UAEMAR Form 60 is the official MAA form to apply for UAEMAR 21F Production Agreement approval under UAEMAR. This form is considered part of an application pack and must be submitted with the appropriate evidence to support the application.

COMPLETION OF THE FORM

Withdrawal of Application

An application can be withdrawn in writing at any time.

Block 1 – Agreement reference number

State the current organisational agreement reference number if previously issued.

Block 2 – Applicant Data

The name of the applicant must be entered. For legal entities, the name must be as stated in the register of the National Companies Registration Office or equivalent. In this case, a copy of the entry in the register of the National Companies Registration Office or equivalent must be provided to the Authority. Also, state the trade name by which the applicant is known to the public if different from the registered name.

Block 3 – Location(s) of Manufacturing Activities

State all locations of manufacturing activities that are covered by the application. Only those locations must be stated that are directly under the control of the applicant stated in Block 2.

Block 4 – Description of the manufacturing activities under application

This Block must include further details of the manufacturing activities under the approval for the addresses indicated in Block 3. The Block 'Identification' must indicate the products, parts or appliances intended to be produced, while the Block 'Termination' must address any information on the limitation of the activity, e.g., by stating the intended number of units to be manufactured or the expected date of completion of the manufacturing activities.
